DR. OWEN'S
ELECTRO-GALVANIC BODY BELT.

CURES DISEASES WITHOUT MEDICINE.

ELECTRICITY IS LIFE.

No. 2 Body Belt. PATENTED AUGUST 16, 1887. No. 4 Body Belt.

Nearly 1,000 styles of goods for finest tailoring-to-order.

Wanamaker & Brown,
210 and 212 N. Broadway.

Nearly 1,000 styles of goods for finest tailoring-to-order.

We challenge the world to produce a belt that will compare with it.

The current is under the perfect control of the wearer and can be made mild or strong to suit any complaint; this cannot be done with any other belt.

The Suspensory for weakness of men is connected directly to the Battery, the disks are so adjusted that by the means of our appliances the Electricity can be carried to any part of the body or wherever the disease is located.

This is the latest and greatest improvement ever made in applying Electricity to the Body for the cure of disease or as a remedial agent. This Electro-Galvanic Body

Belt has just been patented Aug. 16, 1887, and is superior to all others.

Every buyer of a Belt wants the best, and this will be the Owner's Belt to be.

It differs from all others. It is a Battery Belt containing 10 Galvanic cells with 10 degrees of strength, except our No. 4 full power Guarantee Belt, which contains 16 Galvanic Cells, with 20 degrees of strength.

It will cure all complaints curable by Electricity or a galvanic battery. The Electric current can be treated by one before it is applied to the Body, and is worn only from six to ten hours day or night.

After examining this belt you will buy no other, as it is light and easily worn and superior to all others now offered for sale.

To show the entire confidence we have in our Electro-Galvanic Belt and appliance, we will send our full power No. 4 Belt complete to responsible parties on 30 days' trial and if it does not prove to be and do what we represent, you can return it to us within 30 days. Physicians endorse the Owen Belt the best.

Send 4 cents postage for our free illustrated pamphlet of 128 pages written by a physician of over 40 years experience, which will be sent with our book of testimonials, giving full instructions how to treat yourself with Electricity with the aid of a physician or the use of medicines. Send also for a pair of Dr. Owen's Electric Shoes, which will cure you of Rheumatism, Gout, Chilblains, Cramps in feet or legs or Cold Feet.

Do not waste your money on belts patented years ago. We have private consultation rooms for ladies as well as gentlemen and all who call or write us can rest assured they will receive an honest opinion and if the belt is not adapted to their case they will be so advised.

Open at all times—days, nights and Sundays—call or write to the doctor. Consultation at office or by mail free. For obtaining belt on 30 days' trial see 128 page pamphlet.

Mr. Farnell has summoned his supporters to be present in Parliament on Wednesday next, so as to vote for the Farm Laborers' Relief Bill.

MATINEES TO-MORROW.

**PEOPLE’S—“Tourists in a Pullman Palace Car.”
STANDARDS—“Keep It Dark.”**

The indications for twenty-four hours, commencing at 3 p.m. to-day, for Missouri are: Warmer, fair weather; light to fresh southeasterly winds.

In the Bismarck—Battenberg mill, BAT-
TENBERG was knocked out in the first round.

WATER-COMMISSIONER HOLMAN has fur-
nished no reason for giving the Fulton Iron-works a present of \$10,000 out of the city treasury.

With all due respect to the objecting congregational ministers we should like to see a little preliminary sprinking un-
dertaken to-morrow.

Now THAT BLAND has got his little ap-
propriation for a public building in Jefferson City and CLEVELAND has signed the bill for a public building in Buffalo, we may expect to see an immediate check put on extravagance in appropriations for public-buildings.

Iris-a-matter of regret to us that at a time when a city contractor is trying to make the city bear the expense of his violation of contract both of our esteemed morning contemporaries should indulge in most eloquent silence on the subject. As usual the interests of the public will be represented exclusively by the POST-
DISPATCH.

EVERY demand for municipal improve-
ment in St. Louis is met with the stereotyped answer from the City Hall that there is no money in the treasury. Yet according to the majority of the Board of Public Works the city is rich enough to remit to a delinquent contractor the penalty incurred by failing to carry out the provisions by which the contract was ob-
tained.

The Board of Public Improvements will render itself worse than ridiculous in public estimation if it permits the principle to be introduced that city contracts are not to be enforced because contractors have secured their contracts by misdevelating the cost. To state such a proposi-
tion is to condemn it, and there is no way of stating it which does not condemn it. We trust that there will be no necessity of making an issue out of a refusal of the Board to enforce the Fulton Iron-works con-
tract.

Our dispatches to-day throw a new light on the sensational story of the wedding of the school-teacher, Miss FELLOWS, to an Indian by the name of CHASKA. This new light consists of the fact that there is no such Indian as CHASKA, nor has any other Indian of any name married Miss FELLOWS. The portraits of CHASKA published by our esteemed enterprising contemporaries were the work of spooks in the ghost department, and CHASKA is Indian for “Rats!” A wicked and cruel deception has been practiced on confiding editors.

The Sugar Trust after watering its capital of \$15,000,000 to \$45,000,000 has declared a dividend upon its trust certificates of 2½ per cent from the profits of its first five months. This is equivalent to a dividend of 10 per cent per annum on the actual investment, and was earned by steadily pushing up the price of granulated and refined sugars, while the prices of raw sugars have as steadily declined since the organization of the trust. Every cent added to the price per pound by the combination represents a loss of \$25,000-\$600 a year to consumers. Yet instead of hastening to put an end to this robbery Congress hesitates to change the law which makes such robbery possible.

It is hard to understand the action of Harvard College in refusing to allow the college nine to follow the example of Yale

and play with professional base ball players. Harvard College has long ago abandoned the idea that it was the duty of the college faculty to see that the young men said their prayers in the morning and went to bed at 10 o’clock. After abandoning the old boarding-school idea of supervision there is little consistency in dictating as to whom the college teams shall or shall not play with. What the American colleges need is to make athletic subordination to scholarship important. When this is done such a silly question as the one of playing against professionals will not be possible.

SIGHING and saying to one another, “It’s a long time between steals,” the Kansas City boys began to have nightmare visions of German immorality and Sabbath-breakings as contrasted with the “Americanism” of Puritan Sundays. But, as Auditor, Comptroller and Mayor for many years, the Kansas City people knew “Burgomaster” KUMPF to be not only a hard-headed and mighty particular watch-dog in money matters, but a remarkably moral man for that particular locality. They might like a little more looseness or carelessness, as it were, in city contracts and expenditures, but not at the cost of having a more savagely virtuous man foisted on them. That is why the bugaboo business worked the teachers who said it was invented by his enemies.

In the same case information was received that he had made an assault upon a very respectable colored girl who, when visited by a police officer, was found to be in a condition, begged to be spared the pain of publicity in this connection, and through regard for the reputation of the colored girl, the committee in the investigation of this matter a number of the old Board had been requested to accept the findings until the report is accepted by the Board at the session on Tuesday. The investigation has, however, developed facts showing such a terrible condition of affairs that members of the committee have been unable to refrain from expressing themselves. In one case the allegation made was of gambling and visiting saloons on Sunday. This charge was fully substantiated by the teacher who said it was invented by his enemies.

JOHN SHERMAN said in the Senate that the national bank notes were the best currency that had ever existed in this country. Yet when the crash of 1873 came it was found that these notes were neither a legal tender for debts nor redeemable in the irredeemable greenbacks that were a legal tender. The credit of the United States alone made them ultimately redeemable. The legal tender notes are better because they are a legal tender, and because they are a debt always due and payable by the highest standard most solvent Treasury on earth, while the bank notes represent only a debt that is not due and not payable for years. They certainly are the best bank notes we ever had and have served us well, but they must shrink in volume and finally disappear with our bonded debt, while the greenbacks, costing us no usury, will be always available, always at command, according to our exigencies and wants. The idea that they would tempt us into periods of wild and dangerous inflation has faded away, and we are beginning to realize the fact that Congress and people are far more conservative in such matters than the general run of bankers and brokers.

Principal Joseph Lee of CARON-
DOW was also implicated during the investigation of the Bland contract. He was accused of being a speculator in gold, silver and copper, and of being a gambler. He was indicted on a charge of misconduct in his office. It was also charged that he had taken a bribe of \$10,000 to keep him from testifying. The sub-committee will remain on the subject of the Bland contract.

DISMISSED FROM THE SCHOOLS.

Vashon had been repeatedly reported by the principal of his school for tardiness, truancy and absence from school. It was found that these notes were neither a legal tender for debts nor redeemable in the irredeemable greenbacks that were a legal tender. The credit of the United States alone made them ultimately redeemable. The legal tender notes are better because they are a legal tender, and because they are a debt always due and payable by the highest standard most solvent Treasury on earth, while the bank notes represent only a debt that is not due and not payable for years. They certainly are the best bank notes we ever had and have served us well, but they must shrink in volume and finally disappear with our bonded debt, while the greenbacks, costing us no usury, will be always available, always at command, according to our exigencies and wants. The idea that they would tempt us into periods of wild and dangerous inflation has faded away, and we are beginning to realize the fact that Congress and people are far more conservative in such matters than the general run of bankers and brokers.

Principals of schools in Jefferson City and Vicksburg were also implicated during the investigation of the Bland contract. It was found that these notes were neither a legal tender for debts nor redeemable in the irredeemable greenbacks that were a legal tender. The credit of the United States alone made them ultimately redeemable. The legal tender notes are better because they are a legal tender, and because they are a debt always due and payable by the highest standard most solvent Treasury on earth, while the bank notes represent only a debt that is not due and not payable for years. The credit of the United States alone made them ultimately redeemable. The legal tender notes are better because they are a legal tender, and because they are a debt always due and payable by the highest standard most solvent Treasury on earth, while the bank notes represent only a debt that is not due and not payable for years. They certainly are the best bank notes we ever had and have served us well, but they must shrink in volume and finally disappear with our bonded debt, while the greenbacks, costing us no usury, will be always available, always at command, according to our exigencies and wants. The idea that they would tempt us into periods of wild and dangerous inflation has faded away, and we are beginning to realize the fact that Congress and people are far more conservative in such matters than the general run of bankers and brokers.

Principals of schools in Jefferson City and Vicksburg were also implicated during the investigation of the Bland contract. It was found that these notes were neither a legal tender for debts nor redeemable in the irredeemable greenbacks that were a legal tender. The credit of the United States alone made them ultimately redeemable. The legal tender notes are better because they are a legal tender, and because they are a debt always due and payable by the highest standard most solvent Treasury on earth, while the bank notes represent only a debt that is not due and not payable for years. A FAIR GIRL'S ELOQUENT PLEA.

She Defends the Efforts of Her Father to Secure a Liquor License.

By Telegraph to the Post-Dispatch.

PARKERSBURG, W. Va., April 7.—Yesterday witnessed an exciting scene seldom paralleled in the history of the Commonwealth of West Virginia. The case was one of application for a license on the part of a prominent liquor dealer named Livia. Petitions, pro and con, signed by hundreds of citizens were presented to the Court by able lawyers, as the case had excited general attention. The Court had listened to counsel, and the decision granting a license was rendered. The result was that the supporters of the applicant, a beautiful young woman and Deputy Clerk of the County Court, was informed of the fact. Rushing into the courtroom, she burst into tears and demanded an audience. The Court granted it. Then the fair complainant sent up such an appeal that the entire audience was moved to tears. Her father, as is seldom heard, couched in the most chaste language and burning with that eloquence which is the badge of all true cause inspired, for twenty minutes she held the judges and a vast audience in suspense. She had, it is said, had, all along that the petition against granting the license was signed primarily by women. Rushing to the right this young woman declared "that fundamental law of the United States gave the right of petition to all, regardless of sex." Her eloquence caused the judges to reverse their decision and they refused the license.

Our \$15 Spring Suits
Are the best suits for this year ever sold in St. Louis. The fabrics are all from this season's selections, and the styles of cut and make are the very latest.

MILLS & AVERILL,

A GRASS-WIDOW'S SUIT.

Fair Mrs. Koons Wants Damages From Senator Osterhout.

By Telegraph to the Post-Dispatch.

PHILADELPHIA, April 7.—The breach of promises by Senator Peter M. G. Koons, aged 55, a board-room mistress, Lake Carey, against ex-Senator Peter M. Oberhout of Tunkhannock for \$40,000, will soon come up for trial in the Court of Common Pleas. It will be of a sort with the "Baby Bunting" case recently tried in New York. Mrs. Koons is a widow, separated from her husband, who was a daughter of the late Dr. Myles Kelly of Tunkhannock. At an early age she married a man, a popular and highly fashionable hotel in Scranton, used up a good share of the money her father left her. When he died she was penniless. Mrs. Koons secured a divorce and returned to Tunkhannock to live with her sister. For several years she was a widow, and for thirty-two years her son, now dead, was the widow, then on account of his relatives he has relatives, his son, Dr. Koons, says, is a gentleman of long countenance, and has lost many matrimonial chances. At present the ex-Senator is in Florida. He has engaged ex-Governor T. C. Wright to represent him. Mrs. Koons' lawyer is J. S. Seiter. He says she has thirty letters written to Mrs. Koons by her son, which are mostly bad, and will make good reading when exhibited at the trial.

Oho & Mississippi Railway.

The Ohio & Mississippi Railway is unquestionably the leading route from St. Louis to Cincinnati, Louisville, Columbus, and the East. Its already ample equipment and train service will be greatly increased during the coming season in anticipation of the large amount of traffic which will be sent to Kansas City for \$2,000. Sam will draw a salary of \$2,500.

The Garfield Ball is this evening reorganized for a second time, and will be open to all first-class amateur clubs. Address all communications to John McGarr, No. 819 North Second street.

Tom Fullwood of the Pittsburgh Leader, has sprung this definition of a point in the new scoring rules:—"Unaccepted changes—The Knights' Reunion at Louisville, in June; the Centennial Exposition of the Ohio Valley at Cincinnati, beginning July 4; and the encampment of the G. A. R. at Columbus on September. For all these occasions the Pittsburg players, arriving him to no better purpose, will play against him to no effect, excepting to rates, through carelessness, for the benefit of the club. Right Fielder Kelly is only 20.

Ed Williamson has written a letter to one of the Pittsburg players, advising him to use no better purpose, excepting to rates, through carelessness, for the benefit of the club. Right Fielder Kelly is only 20.

Jackson, the big fellow who played first base for the Pittsburg awhile last season, and who is now with the Indians, has been given another trial by the club, doesn't have to pay for his services.

The average weight of that Pittsburg team is 22; average height 5' 8" inches; average weight, 160 pounds; batting average, .323; fielding average, .870. Tyng, the pitcher, is the best player in the club. Right Fielder Kelly is only 20.

Healy of Indianapolis wants to be the tallest man in the profession. He has not a hair on his head, has a mustache, and his face, which is about as flat as a billiard ball, weighs 204 pounds, is 6 feet 2 inches in height, wears a 17-inch collar, measures 45 around the waist, 26 inches around the chest, the waist, 26 inches around the thighs, and wears, to use his own expression, "No 10, 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44, 46, 48, 50, 52, 54, 56, 58, 60, 62, 64, 66, 68, 70, 72, 74, 76, 78, 80, 82, 84, 86, 88, 90, 92, 94, 96, 98, 100, 102, 104, 106, 108, 110, 112, 114, 116, 118, 120, 122, 124, 126, 128, 130, 132, 134, 136, 138, 140,
